Hello! My name is Jimmy. I have some old toys. Some of them are made of silk, and some are made of cotton. They look very lovely. I have played with them for three years. Although I have grown up now, I don't want to throw them away. So I decide to give them to the poor children who don't have enough money to buy things like toys. My parents agree with me and think up another good idea. They say we can clear out other things like old clothes and books first and then sell them in a yard sale. The money we get can also help the poor children. I'm very happy to do that to help other children and I hope more and more people can take part in it.

Joining a club sometimes changes a person greatly. Mary has changed a lot.

Mary used to be a shy and quiet girl. She used to get nervous easily and her face often turned red when she spoke with strangers. She liked nothing but reading alone in her free time. However, she has changed a lot since she joined the Buddy Club. Now, Mary is so brave and outgoing that she isn’t afraid of speaking out in public anymore. What’s more, she has lots of hobbies, such as singing, writing and dancing. She is good at them as well.

People sure change all the time, right? What we should do is to learn from Mary. Change ourselves and choose to be the best of ourselves.
