Dear Amy,

It is so considerate of you to receive your letter inquiring about novel coronavirus in Wuhan. I am writing to tell you more about it.

Since the outbreak of novel coronavirus in Wuhan in January 2020, the Chinese government has decisively closed down the city to prevent the spread of the disease. To fight against the epidemic, here is what we can do.

First of all, we should go out as little as possible at this particular time. If we go out, we must wear protective masks to prevent ourselves from getting infected. In addition, we should wash our hands with soap and running water thoroughly for at least 15 seconds after returning home.

As many Chinese say, “come on, Wuhan”, we believe we can certainly overcome the epidemic!

Yours, Li Hua
