B

what may the future be like? Here are some predictions(预测): things to come, things to go.

The Spring Festival, the most important Chinese holiday when everyone returns home, has caused (引起) headaches for millions of Chinese. More than 2 billion people travel at the same time, making getting travel tickets and the journey difficult. But in 28 years, Spring Festival travel may not be a problem at all. China plans to build more than 120,000 kilometres of railway and a fast transportation network that will serve 90% of the population by 2020. And because most of China will be cities, people will not have to go to other places to find a job, so it will no longer be a problem.

(Newspaper will come to an end in 2043.) In the future digital(数字的) newspapers will be sent to personal web tools on the Internet. Readers can discuss topics with each other. Information will move faster.

Oil is running out faster than the past. But scientists have found something else for oil as fuel. Coal, natural gas, solar power, nuclear power and even water can take the place of(代替) oil as sources of energy.

Schools will go electronic(电子化). Computers will be important and popular among the students. Everything will be in the computer and students will not need to bring books to school. They will find information on the Internet. A computer will be the students' library, schoolbag and connection to the outside world. There will be robot teachers, they will check homework on computers and communicate with the students' parents by email. And school buses will be like spaceships, comfortable and safe.

- () 61. More than 2 billion people have a hard time returning home during _____.
 A. Christmas B. National Day C. the Spring Festival D. May Day
- () 62. When will the newspapers disappear(消失)?
 A. In 23 years B. By 2020 C. By 2053 D. In 25 years
- () 63. What is not mentioned(提及) in the passage as sources of energy?
 A. Coal B. Wind C. Solar power D. Water
- () 64. From the passage what can we know in the future?
 A. The Spring Festival travel may still be a problem.
 B. Students will bring books to school.
 C. Robot teachers will check homework.
 D. School buses will be dangerous.
- () 65. What's the main idea of the last paragraph?
 A. Schools will go electronic. B. Computers will be important.
 C. There will be robot teachers. D. School buses will be like spaceships.

C

配对阅读。左栏是五个人的相关信息，右栏是他们所关注或所写的有关信息的时刻表，请将左右栏相匹配，并将答案填写在题前括号内。
