**How to Make Dumplings**

The dumpling is a traditional Chinese dish. On the Chinese Spring Festival, most families make a lot of delicious dumplings. To make them, follow this easy process.

◆ The first step is to mix water into the flour(面粉)

◆ When the dough(面团) is ready, we can begin to make dumpling wrappers(饺子皮). We turn the dough into small, thin and round pieces so that they will be easy to cook.

◆ When the wrappers are done, it's time to prepare the filling. Usually, we use meat such as beef or pork and some vegetables such as cabbages or carrots for filling. You may actually choose whatever you like to put into it. We must cut these things into small pieces. Then add some salt, oil and other things to it.

◆ When all these preparations are done, we can start making dumplings. Put a spoonful of filling in the center of the wrapper, fold the wrapper in half and close up the opening. Don't just cover the filling with the wrappers, for the shape of a dumpling is also important. The best shape of dumplings is that of a ship, because when they are put in the pot, they look like ships in the sea.

I have returned to my hometown Georgia after I've been away for 10 years. So many things have changed around here. When I left Georgia in 2009, there was a small lake in the northwest of the town. Now they have filled in the lake and built a large amusement park there. They have also built a new library across from my middle school.

The basketball stadium in the southeast of Georgia has also changed completely. They have now added a new stand (看台) where probably 2,000 people could sit. It looks really amazing.

The biggest changes have taken place in the town center. There used to be some small stores, but now they have built a square and a large mall which people can shop, watch movies, drink tea or coffee and so on. There is also a new garden for people to take a walk.

My street looks just the same as it always has been, but a post office has appeared on the next street. There used to be a park there but they have cut down all the trees, which is a pity. The post office now also has a large green area in front of it, but it's not the same as when the park was there.

Another change is the new restaurants that have opened in Georgia. A Sichuan restaurant and an Italian restaurant have opened in the town center, and a Japanese restaurant is near my home, which is where I am going tonight!
