The monster Nian lives in the mountains. It eats animals. But in winter, it can not find food. So it comes to villages and eats a lot of people.

After that, on the coldest day of winter, people play drums and gongs, and set off fireworks to celebrate the death of the monster of Nian. They put up red lanterns and have a big dinner without sleeping during the night.

Clothes are important to us, but do you know how to buy clothes in a right way? Here are some ideas for you.

When you go shopping and want to buy some clothes, first you should know which kind of clothes you need. Then look at the **labels** that are inside the new clothes. They can tell you how to take care of the clothes. The label for a shirt may tell you to wash it in warm water. A sweater label may tell you to wash it in cold water. Many clothes today must be dry-cleaned. Dry-cleaning is a little expensive. When you buy new clothes, you should know if they need to be dry-cleaned. You can save money if you buy clothes that can be washed in the water or that are well-made. Well-made clothes will look good even after you wash them many times.

Expensive clothes don't always mean they are better made. They may not fit you either. On the other hand, less expensive clothes may sometimes look better and fit you well.
