Dear fellow students:

Studying online is a great challenge for all of us. In order to make good use of resources online, we should develop some good habits. Here are some suggestions. Firstly, we should get up and go to bed early. Secondly, we're supposed to take lessons on time and take down notes in classes. Thirdly, we're expected to take part in class activities actively and finish our homework carefully. Besides, we should have a good rest and do some indoor sports to build up strong bodies.

As for myself, I will study even harder and try my best to make full advantages of online study. I hope everyone can make progress in our studies.
