Food is very important. Everyone needs to 16 well if he or she wants to have a strong body. Our minds also need a kind of food. It is 17.

We begin to get knowledge even when we are very young. Small children are 18 in everything around them. They learn 19 while they are watching and listening. When they are getting older, they begin to 20 storybooks, science books...anything they like. When they find something new, they love to ask questions and 21 to find out the answers.

What is the best 22 to get knowledge? If we learn 23 ourselves, we will get the most knowledge. If we are 24 getting answers from others and do not ask why, we will not learn well. When we study in the right way, we will learn more and understand 25.
